26

00:04:59.690 --> 00:05:02.190

Sukai Durosimi: If not. We don't have a forum. Yeah.

27

00:05:02.630 --> 00:05:04.229

Sukai Durosimi: yeah, we've got to start now.

33

00:05:42.320 --> 00:05:48.759

Sukai Durosimi: Oh, I don't. I can't do it from this, this phone that I'm on. Oh, did I call you from a dead? Okay

34

00:05:49.810 --> 00:05:51.210

Sukai Durosimi: er

35

00:05:52.450 --> 00:05:53.690

Sukai Durosimi: a

00:05:53.710 --> 00:05:59.919

Sukai Durosimi: It can stay on Speaker right here.

37

00:06:01.770 --> 00:06:07.190

Sukai Durosimi: The if you have one on zoom and hit record, it can record it.

38

00:06:07.320 --> 00:06:12.719

Sukai Durosimi: Voice, okay, okay, we're gonna we're gonna record your voice. Thank you.

39

Sukai Durosimi: A bunch of us.

40

00:06:25.980 --> 00:06:30.600

Sukai Durosimi: That's the extent. Cornell

41

00:06:31.840 --> 00:06:34.030

Sukai Durosimi: that'll work, cause you never know

42

00:06:43.000 --> 00:06:47.640

Kayunta Johnson-Winters: you guys look so pretty standing in grass.

43

00:07:08.040 --> 00:07:13.060

Sukai Durosimi: Alright. So we about to record, we're gonna get started. Just a moment. Here, Miss Sand.

44

00:07:15.300 --> 00:07:16.910

Sukai Durosimi: I don't know

45

00:07:17.660 --> 00:07:19.060

Sukai Durosimi: a

46

00:07:23.710 --> 00:07:25.100

Sukai Durosimi: looking for anyone

47

00:07:27.340 --> 00:07:32.500

Sukai Durosimi: what comes up. We put in Google Maps. Oh, wow!

48

00:07:36.480 --> 00:07:38.659

Sukai Durosimi: I thought, we always record on Zoom.

49

00:07:40.810 --> 00:07:44.510

Kayunta Johnson-Winters: We're recording now. I can see that it's recording. If that's an issue.

50

00:07:48.470 --> 00:07:53.410

Sukai Durosimi: Is it? Is that fine beside him? She says, recording now, she said she.

51

00:07:53.540 --> 00:07:56.360

Sukai Durosimi: so we can start.

52

00:07:57.630 --> 00:08:16.150

Sukai Durosimi: Oh, you trying to pull up the presentation? I literally just walked in the house. So thank you so much.

53

00:08:17.450 --> 00:08:25.290

Sukai Durosimi: It's okay.

54

00:08:30.160 --> 00:08:31.450

Sukai Durosimi: Okay.

55

00:08:32.549 --> 00:08:33.950

Sukai Durosimi: Famous problem.

56

00:08:35.230 --> 00:08:36.510

Sukai Durosimi: The names

57

00:08:48.720 --> 00:08:52.310

Sukai Durosimi: Dr. Winters, can you see? Okay, no, not yet. Let me see.

58

00:08:52.690 --> 00:08:59.160

Kayunta Johnson-Winters: Let me get into the zoom, you. But I don't see a presentation, if that's right. Umhm.

59

00:09:00.620 --> 00:09:01.310

Sukai Durosimi: See

60

00:09:05.720 --> 00:09:06.640

Sukai Durosimi: here.

61

00:09:08.080 --> 00:09:09.250

Sukai Durosimi: Thank you. Janet.

62

00:09:09.850 --> 00:09:12.180

Sukai Durosimi: Yeah, you're the hard copies.

63

00:09:12.980 --> 00:09:15.250

Sukai Durosimi: Okay, good. Let me in.

64

00:09:17.630 --> 00:09:20.550

Sukai Durosimi: And one that gets good on that one

65

00:09:20.910 --> 00:09:21.890

address work.

66

00:09:22.250 --> 00:09:24.390

Sukai Durosimi: Okay? Then there's

67

00:09:27.220 --> 00:09:30.200

Sukai Durosimi: first the local. Yeah. Thank you.

68

00:09:31.690 --> 00:09:35.810

Sukai Durosimi: Ms, Keisha, I agree. Andrea, health.

69

00:09:36.170 --> 00:09:39.619

Sukai Durosimi: Okay, yeah.

70

00:09:39.820 --> 00:09:47.709

Sukai Durosimi: this is mine.

71

00:09:54.300 --> 00:09:57.140

Sukai Durosimi: But he should. She was just.

72

00:09:57.350 --> 00:10:00.810

Sukai Durosimi: and they'll leave you. That's right. I can't do it.

73

00:10:00.940 --> 00:10:04.930

Sukai Durosimi: that'll help. So what is it?

74

00:10:05.030 --> 00:10:06.840

Sukai Durosimi: So it's time

75

00:10:07.810 --> 00:10:22.600

Sukai Durosimi: you can't get in same waiting. So we're having a lot of technical difficulties today. I'm not sure why. But let me see if I can.

76

00:10:23.120 --> 00:10:31.890

Sukai Durosimi: you open a schedule.

77

00:10:32.540 --> 00:10:34.399

Sukai Durosimi: I'm from dance with Kansas.

78

00:10:36.340 --> 00:10:47.910

Sukai Durosimi: Cool.

79

00:10:48.130 --> 00:10:48.810

Mr.

80

00:10:49.960 --> 00:10:54.150

Sukai Durosimi: Umhm.

81

00:11:04.570 --> 00:11:07.580

Sukai Durosimi: Dr winters, if you go into the Google classroom.

82

00:11:10.430 --> 00:11:40.330

Sukai Durosimi: so we can start while we work on our technical difficulties. You will see the agenda and everything that you need. I think the first thing Mr. Gardner is going to do, because Miss Sandy Joyce is waiting on us is to start with the audit. So if you go into the Google classroom, the audit is going to be the one that says, 2223 financial audit report. Pdf.

83

00:11:45.150 --> 00:12:00.520

Sukai Durosimi: I said, okay, but I was muted. So no, I didn't print it out. But I think

84

00:12:00.920 --> 00:12:08.980

Sukai Durosimi: alright. So we're gonna call this week to order at 7 13 pm. Alright, we all record right.

85

00:12:09.140 --> 00:12:15.570

Sukai Durosimi: We do have a forum. So and now she'll

86

00:12:16.640 --> 00:12:20.009

Sukai Durosimi: turn it over to Heiney and Company.

87

00:12:21.120 --> 00:12:37.760

Sukai Durosimi: my name's Andrew Moore. I'm yours on a partner with Haney and Company for saying your eyes report this year we have clean opinion. Going through all your federal programs, and found no instances of fraud or other failure to do cherry duty.

88

00:12:37.820 --> 00:12:47.780

Sukai Durosimi: all, all in all, everything looks good. One thing that's always helped the school lately is that you have plenty of cash on hand.

89

00:12:47.830 --> 00:12:49.970

Sukai Durosimi: and you have good net assets.

90

00:12:50.030 --> 00:13:05.719

Sukai Durosimi: and I know that's a concern. But some of the features, how? How it's gonna be after the extra funds are gone, or some of the other inflation going up the Da not really helping out on the thing. And what's gonna help you get through? That is the fact. You do have these these reserves

91

00:13:05.900 --> 00:13:12.440

Sukai Durosimi: this year. We had a decrease in our net assets a little over 130 million dollars

92

00:13:13.290 --> 00:13:31.690

Sukai Durosimi: if you a hundred 30 million 30,000. So so sorry. I just. I was looking at millions. And then I was thinking. but that hunt, remember that \$130,000 decrease is also includes about 111,000 depreciation on your buildings.

93

00:13:31.860 --> 00:13:38.190

Sukai Durosimi: So really, from a cash standpoint, it was only about 19,000. But you still have

94

00:13:38.570 --> 00:13:51.320

Sukai Durosimi: But we we have about \$566,000 worth of cash, which I believe is about 60 days cash on hand. So that

95

00:13:51.580 --> 00:13:54.250

Sukai Durosimi: helps you really add on first ratings.

96

00:13:54.890 --> 00:14:01.419

Sukai Durosimi: The only adjustments we had were just reclasses to get your

97

00:14:02.350 --> 00:14:09.329

Sukai Durosimi: There was an additional funds borrowed to do some of the more construction repairs on the building.

98

00:14:09.500 --> 00:14:39.410

Sukai Durosimi: But other than that, the financials the numbers, are which you would have seen back when you presented the august numbers. So we are, you know. One thing that makes us happy is when we come into the audit. You know, we don't really want to be here to clean up your books. We're here to give you assurance that your books are properly stated, and those are the case like I said, we just had to add, there was a weird thing where some more money got borrowed against your mortgage, and we just had to gross that up and fixed assets had no effect on the income statement

99

00:14:39.780 --> 00:14:44.519

Sukai Durosimi: it just affected. You raised your assets and erased your liabilities.

100

00:14:45.610 --> 00:14:49.030

Sukai Durosimi: I'm trying to think

101

00:14:51.540 --> 00:15:01.470

Sukai Durosimi: we are showing right now with with the funds we have is that you would score about a 90 which is superior on your charter first.

102

00:15:02.510 --> 00:15:08.300

Sukai Durosimi: So that's that's a really good thing. Is there any questions from any of the Board members?

103

00:15:11.410 --> 00:15:19.079

Sukai Durosimi: Yeah, we're here. I'm sorry. Repeat your question, Mr. Moore. I had had Miss Joel so mute. I just want to see if there was any questions.

104

00:15:21.680 --> 00:15:28.079

Kayunta Johnson-Winters: I didn't have any questions. I mean, I'm glad that we that we would be superior. So that's good news.

105

00:15:28.420 --> 00:15:29.250

Sukai Durosimi: Yes.

106

00:15:35.690 --> 00:15:37.960

Sukai Durosimi: no questions for me, I agree.

107

00:15:40.570 --> 00:15:42.350

Sukai Durosimi: Snap, that's good.

108

00:15:46.000 --> 00:15:50.180

Sukai Durosimi: Can you? Also, I think one of the things that

109

00:15:51.500 --> 00:16:12.389

Sukai Durosimi: one of the things that we we wanted to discuss. I wanted you to discuss was how the deficit is going to affect the first rating cause. One of the things I'm going to present to the board is we need to make an amendment for some budget amounts that we need to finish out

110

00:16:12.970 --> 00:16:32.270

Sukai Durosimi: you. You sent me some of that. But the adjustments you want to make. if nothing else changes like, is it? The the important thing is to keep your cash strong. If you can keep. Make sure you keep at least 40 days cash on hand, including, if that means. You know what I've had some of my schools do. If they're kind of

111

00:16:32.360 --> 00:16:35.340

Sukai Durosimi: at the edge is, you know.

112

00:16:35.770 --> 00:16:55.469

Sukai Durosimi: you know. Pay your bills on September first. Right, Covid. Make sure you keep if you keep 40 days cash on hand. Most of your charter first. Several. Your charter first indicators will automatically pass. So if, especially when you're in a year where you're gonna have a larger deficit.

113

00:16:55.610 --> 00:16:57.320

Sukai Durosimi: but you have

114

00:16:57.590 --> 00:17:21.260

Sukai Durosimi: very good reserves here that I think you were the deficit you were proposing is going to eat into that deficit. But it's not. You have plenty there. If you had, year after year after year after that, then it starts getting harder to keep the 40 days cash on hand and having your deficit, but the purpose with a nonprofit. The purpose of your reserves

115

00:17:21.640 --> 00:17:33.630

Sukai Durosimi: are to use when it's you know, when you need them. It's not like a corporate corporation where you're trying to build up wealth for someone. It's basically unspent funds for collected in the prior years.

116

00:17:34.050 --> 00:18:00.239

Sukai Durosimi: So I think you know, we always gotta remember that this is a nonprofit, that's purpose. So we need to keep some in there. And but we have some that I don't see that if you had a deficit this year, and possibly even maybe one more year, that it was not gonna affect your your first rating. You start going past, then? That's when we need to start saying, you know, as I spoke to you the other day, you know one

117

00:18:00.290 --> 00:18:05.609

Sukai Durosimi: a good and not. And bad thing about this school is you don't run it. Fancy

118

00:18:05.640 --> 00:18:09.480

Sukai Durosimi: the bad part is, there's nowhere really to cut without

119

00:18:09.620 --> 00:18:13.259

Sukai Durosimi: massively affect affecting your programs. You don't want to do that.

120

00:18:13.550 --> 00:18:31.960

Sukai Durosimi: so we need to, you know. Be diligent up. you know, controlling the costs we have, and going out and finding if there's other, you know. If there's other grants out there, we can get to come in. And this is not something that's unique to East Fort Worth. Every one of my schools is doing that with the Esther funds ending this year.

121

00:18:32.380 --> 00:18:44.749

Sukai Durosimi: and there's a lot of them that have room to cut, and they don't want to cut. They're just hoping that there's going to be so, you know, they had Ppp. And then they had about 3 or 4 years of ascer. And you know, as a

122

00:18:45.060 --> 00:18:47.469

Sukai Durosimi: speaking the other days like

123

00:18:47.650 --> 00:19:10.670

Sukai Durosimi: you really. Only you only have a chance to let win the lottery once you're not gonna win the lottery year after year after year. That we need to. Hopefully the state. And like, I said, since everyone's having this problem, I'm hoping the state's gonna se step step in. They are very far behind on the basic allotment per student. If we were just looking at how they haven't changed it since about, I think, 2019,

124

00:19:10.740 --> 00:19:27.090

Sukai Durosimi: if they just adjusted it for inflation that we've had in the last 4 or 5 years, there'd be a thousand more a student. and that would cure you wouldn't have a deficit this year if they did that. That's that's really what your deficit is is where your inflation

125

00:19:27.620 --> 00:19:44.630

Sukai Durosimi: has not kept up with the revenue from the State. Well, the State, the revenue from the State hasn't kept up with the inflation is what I meant to say, and that's where we're dealing with. And every school is in the same. Yeah, even, you know, some of these that are scoring 100. They're gonna start seeing the tides turn.

126

00:19:45.120 --> 00:19:47.389

Sukai Durosimi: and we need to get some more money in.

127

00:19:48.520 --> 00:19:59.039

Sukai Durosimi: But I don't. I don't see with with, you know, the budget that you're looking at right now that that is going to take. It may take you from a superior to above standard

128

00:19:59.760 --> 00:20:11.169

Sukai Durosimi: for this next year, but I still see that you still be at above standard, which is still very, very good, I know, with being in education mindset. It's like.

129

00:20:11.230 --> 00:20:22.640

Sukai Durosimi: Do we really want to give up an A for a B, but the important thing is when it comes to keeping your chart is, you need to be at C or above. and and we're we're at no risk of running into that.

130

00:20:23.550 --> 00:20:24.210

Sukai Durosimi: Okay.

131

00:20:25.490 --> 00:20:29.090

Sukai Durosimi: don't have any questions so far.

132

00:20:29.820 --> 00:20:31.610

Sukai Durosimi: Pull it out. Okay.

133

00:20:34.050 --> 00:20:37.700

Sukai Durosimi: alright. So. Mancho.

134

00:20:37.890 --> 00:20:42.990

Sukai Durosimi: No questions on on from Mr. Moore on the budget

135

00:20:43.040 --> 00:20:55.309

Sukai Durosimi: on the audit, anyway. So at this point we just need to vote on the approval of the audit. Alright, can I get a motion to approve the results from the audit

136

00:20:55.500 --> 00:20:57.010

Sukai Durosimi: superior rating.

137

00:20:58.760 --> 00:21:04.360

Kayunta Johnson-Winters: Yes, you know. Okay, there's a motion. And a second second.

138

00:21:04.670 --> 00:21:08.039

Sukai Durosimi: Thank you. So we have unanimous

139

00:21:09.290 --> 00:21:39.339

Sukai Durosimi: from the board will approve us, so we'll sign and get it uploaded. Correct. Okay, thank you very much. And the open items we still have, you know that there's course the uploading that will happen tonight. Also, now that the audit is approved, I can put it into our tax department so we can get our tech. The 9 90 done, we went ahead. That was originally due. On the fifteenth of this month. We went ahead and extended it, and I wanna get it in. Cause you know, we've always had the challenge that we've

140

00:21:39.340 --> 00:21:49.500

Sukai Durosimi: yeah, it's extended to July 15. And that just doesn't work for schools. We need to have it done by the end of May, and that's what I'm shooting for. I remember with with your mother we always had the chance.

141

00:21:49.640 --> 00:21:59.729

Sukai Durosimi: you know, finding her. Get it. Get it signed that we don't. So once once school lets out, it's harder and harder to to, you know.

142

00:21:59.870 --> 00:22:17.310

Sukai Durosimi: You know teachers and administrators. Anyone who needs a sign or are enjoying their well deserved vacation. We want to get it done before that. So I'm hoping they can even possibly push it out before they get too busy on the regular tax season. But, like I said, that's why I've been proactive and already got it in the queue to be prepared

143

00:22:17.480 --> 00:22:50.609

Sukai Durosimi: the other thing. Since you did have a single audit this year I had. I will be, and I will be sending authorization to one of you to I will go ahead and start the upload to the department of Census Department. Education needs everything uploaded through the department of census portal. I will handle that as I do in the prior prior years. They're building a new portal, so it's not ready yet. So I have a stack of about 10 schools on my desk waiting for that portal. Open back up, and I'll get it uploaded them absolutely. So that that's on me.

144

00:22:51.220 --> 00:22:55.070

Sukai Durosimi: Alright, thank you very much. Thank you so much for your time. No problem.

145

00:22:55.810 --> 00:23:03.410

Sukai Durosimi: So what other items do we have? Do you have a budget amendment. Yes, and Miss Sandy Joyce for.

146

00:23:03.490 --> 00:23:04.580

Sukai Durosimi: And

147

00:23:06.030 --> 00:23:07.750

Sukai Durosimi: so

148

00:23:09.180 --> 00:23:17.880

Sukai Durosimi: so this amendment is is to call for the rest of the rest of the school year. Yes. And so if you

149

00:23:18.000 --> 00:23:26.540

Sukai Durosimi: want to go to the Google classroom. and it's the

150

00:23:35.520 --> 00:23:37.460

Sukai Durosimi: find it who's far?

151

00:23:42.270 --> 00:23:48.020

Sukai Durosimi: Okay? Oh, I put it all in the. I put it all in there. Let me see if I have it up.

152

00:23:49.240 --> 00:23:51.539

Sukai Durosimi: She's probably just going to my

153

00:24:04.390 --> 00:24:05.180

Sukai Durosimi: okay.

154

00:24:07.970 --> 00:24:17.290

Sukai Durosimi: all right, I'm sharing it on the screen. And I have the rationale for why I am asking for

155

00:24:17.370 --> 00:24:36.170

Sukai Durosimi: I'm requesting a hundred \$34,500, and I've broken it into the functions that we need. So in Function 11, if you were to go to the the Budget amendment, which I need to probably pull that up to

156

00:24:36.580 --> 00:24:38.529

Sukai Durosimi: and see.

157

00:24:41.130 --> 00:24:48.490

Sukai Durosimi: So I just wanna just a point of clarification. So we're not requesting, are we requesting any phones from reserve?

158

00:24:48.560 --> 00:25:19.399

Sukai Durosimi: Yes, and that's one of the things that. So Spencer and I worked on the the Reserve the Budget Amendment because we we needed to. There's money, and I sent the information to Mr. Andrew, which is that 559,000 \$997,000 that were going to be in deficit. That's the projected and that's what he was. I asked him. Well, how is it going to affect our first rating?

159

00:25:19.400 --> 00:25:31.280

Sukai Durosimi: But this year for next year, for sure, we wanna increase our enrollment. But we couldn't get the money that we needed. So if we look at Function 11

160

00:25:31.280 --> 00:25:44.100

Sukai Durosimi: where it says 78,000, we want to increase the function. 11 from 830,000 to 908. And if you look at the

161

00:25:44.570 --> 00:25:52.350

Sukai Durosimi: rationale that I gave, which is. I'm gonna try switching back and forth. But

162

00:25:52.490 --> 00:26:29.049

Sukai Durosimi: so we're okay. Go ahead. Go ahead. So the rationale I gave is we needed to cover Saturday school. we usually hadn't paid people to do Saturday school, but last year, when we met with the board is something I requested, because people were taking time away from their Saturdays. To do Saturday school. We also, we went over with substitutes as people as we had teachers leave, or teachers get sick or took a lot of time off. We had no amount to cover substitutes.

163

00:26:29.450 --> 00:26:54.439

Sukai Durosimi: We no longer have to pay that salary. Where does that salary go? My teacher? So it goes back into the budget. Okay? So it goes back into the budget and we're taking this money back into the budget to reallocate it to pay us. But then we had to. We use that same money to hire people to get back into the classroom. So when we didn't have teachers, we were the ones going in when we couldn't go in, we had to get some subs to come.

164

00:26:54.440 --> 00:27:08.790

Sukai Durosimi: Okay. And then when we hide the teachers, we re a re allocated those same funding to the teachers that we have. Okay? And one other question, the the the program that we had that that extended over a few years was that for

165

00:27:08.790 --> 00:27:10.539

Sukai Durosimi: was that for this summer

166

00:27:10.600 --> 00:27:37.919

Sukai Durosimi: that wasn't Saturday school, right? No summer school just summer school, so I had applied for after school Grant, the Summer School grant. I have tried to manage ways to use some of those grants to cover certain things. But then there are just some there's some rules that I just correct. Yeah, it's not. We can. I can't use it to pay for Saturday. Okay, great. I just wanna put those questions out there. Just so the board just kind of may with

167

00:27:38.040 --> 00:27:51.249

Sukai Durosimi: what the different things is going on. But go ahead. I also included that the Cao's peril is not coming out of that. It's coming out from the teachers that we are not replacing

168

00:27:51.560 --> 00:28:10.440

Sukai Durosimi: function 31. We needed money in function 21 to cover a math training that we did. We were able to find some money in 31, because I don't think we're gonna have anyone come in from counseling to do any presentation. So we want to transfer that money to function 21 to cover.

169

00:28:10.440 --> 00:28:35.410

Sukai Durosimi: And then we also. I'm requesting \$34,000, 400 for pick code 23, Pico 23 is for our special Ed. We couldn't find a special Ed teacher. So we're contracting with one. And I mean, really, it's begging her at this point so that she can go lower on her prices. And she did. So we need an extra 34,400 to

170

00:28:35.410 --> 00:28:38.739

cover the rest of it.

171

00:28:38.740 --> 00:29:08.430

Sukai Durosimi: Well, no, we have a special Ed teacher.

172

00:29:08.560 --> 00:29:30.329

Sukai Durosimi: Okay? So so, Dr. Hickman, are we still utilize? We still utilize her services. But she's not providing the special education portion she is, but she's a diagnostician like any of the services that we need. She provides that special. A special Ed teacher is something she doesn't provide. The school has one. Okay, so the teacher.

173

00:29:30.440 --> 00:30:00.110

Sukai Durosimi: this, we're we're making the funds for the teacher with Dr. Higman's role is to work with the special Ed teacher. So like right now, we're going through a cyclical audit. They're making sure that all the plans, all of our plans, are progress reports, things like that and order so that we can upload it. Okay, cool and then also, I'm requesting an increase in marketing for \$16,500.

174

00:30:00.400 --> 00:30:19.820

Sukai Durosimi: it. It costs a lot, I think, with inflation. Things have just gone up the places that we advertise in the magazines, the newspapers, all of that has gone up, the guide that we hire to take pictures. I mean, he does stuff like that. He's charging us really minimal.

175

00:30:19.820 --> 00:30:44.799

Sukai Durosimi: I think it's like \$300. If to do videos for us and edited. He's charging us \$300. When we look at recruiting the visuals that we need to do the creating different flies. We do all of that on on canva. But also we have to buy the ink and stuff like that. So we just sat down, and we were just like, this is the best that we can come up with without

176

00:30:44.800 --> 00:30:56.459

Sukai Durosimi: breaking the bank. The other people that we went to were asking for 50, 60, \$70,000 to do marketing and promotion. And so with Mr. Lewis.

177

00:30:56.460 --> 00:31:15.210

Sukai Durosimi: not to say that he's not good. He's good, but he's working within. I mean, he's just really working within our budget. And then, because he's an engineer next year, we're going to. Just we don't have anyone for project lead away right now. He's also helping us with that we need to hire a teacher, anyway. So

178

00:31:15.500 --> 00:31:32.920

Sukai Durosimi: we're hope that's what we're hoping we can do to kind of balance that out. So I mean, he's using basically all the people he knows to help us out. So that brings us to the 134,500 if I go back to the

179

00:31:33.270 --> 00:31:37.569

Sukai Durosimi: But where is it

180

00:31:41.160 --> 00:31:43.469

Sukai Durosimi: trying to see where I pulled it up?

181

00:31:50.810 --> 00:32:03.000

Sukai Durosimi: Yeah, so that will bring us to the 559,000 \$997,000 that will be in deficit that will have to come out of reserves.

182

00:32:04.820 --> 00:32:11.110

Sukai Durosimi: So how much do we have? So we how much do we have in reserves now? See.

183

00:32:18.820 --> 00:32:21.529

Sukai Durosimi: board and y'all have any questions right now?

184

00:32:24.500 --> 00:32:26.149

Sukai Durosimi: No, not right now.

185

00:32:26.470 --> 00:32:29.569

Kayunta Johnson-Winters: thank Dr. Winters, no questions.

186

00:32:29.670 --> 00:32:30.560

Sukai Durosimi: Okay?

187

00:33:11.350 --> 00:33:20.210

Sukai Durosimi: And 3.8 3.8 million. Yes. okay. So right now, we have 3.8 million. And we're

188

00:33:20.550 --> 00:33:27.390

Sukai Durosimi: we're moving to 500,000. I'm sorry. No. Hold on, wait. Activities.

189

00:33:27.570 --> 00:33:33.170

Sukai Durosimi: position 2020.

190

00:33:34.920 --> 00:33:46.320

Sukai Durosimi: Okay? So for record, we have 3.8 million. And we're asking to move the 559,997 dollars to to balance it out.

191

00:33:46.540 --> 00:33:57.489

Sukai Durosimi: Yes, it's projected to balance out, based on the current enrollment. Yes, we actually, I mean one of the things that is so sad. We just lost 6 students.

192

00:33:57.580 --> 00:34:07.209

Sukai Durosimi: one. And that's 2 families, one family. They're going through a divorce, and the parent is asking us to do certain things. We can't do it except we have

193

00:34:07.750 --> 00:34:22.689

Sukai Durosimi: official divorce papers on file. So she took the. She said, she's gonna home, school, the kids, till she, those people work come come through the other 1, 3 students. They're moving and they're moving to Atlanta.

194

00:34:22.690 --> 00:34:45.190

Sukai Durosimi: Well, we have 2 more coming in. I mean.

195

00:34:45.300 --> 00:35:02.030

Sukai Durosimi: one of them is not a new one, but the other one I mean. They've been here. But they're moving. Okay, okay, that's that's all. I have. Thank you for explaining that. So can I get a motion to approve the budget proposed budget amendments.

196

00:35:02.190 --> 00:35:05.030

Sukai Durosimi: a total of 559

197

00:35:05.040 --> 00:35:12.470

Sukai Durosimi: \$1,997 to balance out the budget with the current enrollment that we have.

198

00:35:15.700 --> 00:35:19.199

Sukai Durosimi: Yes, you have. I will make that.

199

00:35:19.750 --> 00:35:23.929

Kayunta Johnson-Winters: Okay. So I have a motion on the floor conference. Can I give a second?

200

00:35:24.050 --> 00:35:26.679

Sukai Durosimi: Thank you. That is unanimous.

201

00:35:26.800 --> 00:35:34.069

Sukai Durosimi: So that has been approved. You can move those funds. So I guess we just need to keep in mind that if if enrollment

202

00:35:34.190 --> 00:35:48.570

Sukai Durosimi: decreases, there could be potential. That that we may. Yeah. But also up to enrollment stays the same. If we balance out, we may have an we may have a a surplus.

203

00:35:48.910 --> 00:35:51.470

Sukai Durosimi: Well, if if

204

00:35:52.350 --> 00:36:01.240

Sukai Durosimi: I have to be honest and transparent, I don't see us getting enough students this school year to get us to a place that we can

205

00:36:01.500 --> 00:36:22.120

Sukai Durosimi: get a surplus and wipe away the deficit. Now, if we get like a couple of students in, I mean, I can see where it can be less and not be 559. Yeah, that's what I mean, yeah, yeah, increase. So right now, I'm looking at it just to 5, 59, put it at 0. But we could potentially go back over that amount. And possibly

206

00:36:22.320 --> 00:36:26.390

Sukai Durosimi: okay. So it can go either way. Alright is that it

207

00:36:27.260 --> 00:36:31.670

Sukai Durosimi: that all we have? Oh, no,

208

00:36:31.850 --> 00:36:42.560

Sukai Durosimi: The other one is oh, the recommended recommendation for Haney and Company to continue to be our Cpa. For the

209

00:36:42.620 --> 00:36:55.939

Sukai Durosimi: for the 2324 audit, which will be the 2425 school year. First of all, before I ask for for a motion. Do we have any questions regarding

210

00:36:56.180 --> 00:37:03.190

Sukai Durosimi: even though Mister Moore's gone. Do we any concerns about him being audited for next year?

211

00:37:03.200 --> 00:37:04.280

Kayunta Johnson-Winters: No.

212

00:37:04.310 --> 00:37:11.409

Sukai Durosimi: no, so can I get a motion to may pay me and company to audit, but and the Audit Company for next year

213

00:37:13.960 --> 00:37:17.079

Kayunta Johnson-Winters: motion to make them auditor for next year.

214

00:37:17.140 --> 00:37:20.669

Sukai Durosimi: Alright, thank you, Dr. K. Can I get a second.

215

00:37:23.960 --> 00:37:25.720

Sukai Durosimi: Miss Sandra? Can I get a second?

216

00:37:25.750 --> 00:37:34.919

Sukai Durosimi: You got it? Thank you. Has been moved properly. Second, that is unanimous. So hamy and comedy will continue until we vote the next time.

217

00:37:36.020 --> 00:37:39.830

Sukai Durosimi: The next one is approval of

218

00:37:40.450 --> 00:37:47.880

Sukai Durosimi: or denying. A chaplain. So if we look on the

219

00:37:48.340 --> 00:37:49.750

Sukai Durosimi: see?

220

00:37:50.760 --> 00:37:56.250

Sukai Durosimi: so

221

00:37:56.590 --> 00:38:17.069

Sukai Durosimi: During the 80 Eighth legislative session the Texas Legislature wanted, they passed a bill, Senate Bill 7, 63, where charter Schools and Isds can choose whether they can have a chaplain or not. Have a chaplain on this form. It tells you

222

00:38:17.180 --> 00:38:20.680

Sukai Durosimi: the benefits, the pros, and the cons.

223

00:38:20.850 --> 00:38:44.139

Sukai Durosimi: I am bringing to the board that we do not approve having a chaplain just because we have a diverse body of students, religion, cultural backgrounds. The other thing, too, is, there's no regulation on who's to train the chaplains. We don't even have the budget to order a chat to hire a chaplain right now.

224

00:38:44.140 --> 00:38:53.210

They can do it on a volunteer basis. But then you also for a chaplain to even meet with a child, you would need to have a parent consent.

225

00:38:53.210 --> 00:39:06.219

Sukai Durosimi: I just don't think that's something that right now the school wants to take on, but I'm opening it to the board. My! The request that I'm bringing to the board is that we do not approve it.

226

00:39:07.240 --> 00:39:08.020

Sukai Durosimi: Okay.

227

00:39:10.440 --> 00:39:12.150

Sukai Durosimi: alright, any questions.

228

00:39:15.340 --> 00:39:41.259

Sukai Durosimi: So let me thank you, Dr. Winters. So so if there's no motion is, is there? We don't even have to vote on it. So do we have to vote on it. We do have to vote. So Ta wants to know. Yes, whether it's yes or no. Okay, great. Okay. So can I get a motion to deny having a traveling on campus. So

229

00:39:41.600 --> 00:39:51.330

Sukai Durosimi: I move that we have a motion. Okay, we have a motion to move to, not to have a cabin on campus. Can I get a second? Dr. Winches? Second.

230

00:39:51.430 --> 00:40:04.759

Sukai Durosimi: thank you. As bold as a dead motion. That unanimous. And the last one is House Bill, Texas education code 37, which is

231

00:40:07.880 --> 00:40:33.290

Sukai Durosimi: It's basically all the safety rules, discipline, and safety that we have to implement. The Joe Hofer, who is our legal counsel, sends us all the board policies that we need to have for those. So it's coming directly from from his firm is not anything that I need to create and make up. So if we go through the one pager that he sent.

232

00:40:33.290 --> 00:40:50.169

Sukai Durosimi: So, for example, if I just to, if I was to just go through it. A little quickly, is the positive behavior program. We do have one. We have scl, we have love and logic. And we're actually going through the positive behavior is Pbis, positive

233

00:40:50.170 --> 00:40:53.300

Sukai Durosimi: intervention program system.

234

00:40:53.350 --> 00:41:17.329

Sukai Durosimi: So we have our Scl teacher going through that, and she's the one she's becoming the trainer of trainers to train the teachers. The use of confinement, restraint, or seclusion and timeout. We don't restrain any student here, and even if it was a special Ed student, we will first have to one. We need to have training. So myself.

235

00:41:17.420 --> 00:41:28.710

Sukai Durosimi: I think, and Ms. Yudhir are the only 2 people that are trained to restrain. But even before we restrain, we'll call the parent to ask for permission, but we just don't do it because it's

236

00:41:28.780 --> 00:41:43.069

Sukai Durosimi: it's there's too much legal policies around that we don't seclude kids and timeout we we do have time out, but it's within the it's within the child's age, so like in

237

00:41:43.440 --> 00:41:55.500

Sukai Durosimi: in lower grades, it's going to be that you seek to come down. You have a cooldown area. We don't even call it timeout. We call it a cooldown area for the child to go to to calm down

238

00:41:57.810 --> 00:42:18.890

Sukai Durosimi: suspension of homeless students. We actually try not to suspend kids at East Fort Worth, because at the end of the day it's just frustration for the parents we give them in house where they can still do their work and work with the interventionist. And we definitely would suspend a homeless kid, because there's no place for them to go.

239

00:42:18.920 --> 00:42:40.829

Sukai Durosimi: We haven't had to expel any students, but if we did, it will go through an entire process, and the last place it will come to would be the board, and the board will make a decision, especially if it's something to do with firearms, harassment, sexual motivation, something like that.

240

00:42:41.380 --> 00:42:59.619

Sukai Durosimi: Expulsion of serious offense. We've not had to do that yet. I think the last time we had to do it was probably 10 years ago, and it was very severe, and and at that time the Board moved for the child to be expelled, because it had to do with alcohol

241

00:43:01.440 --> 00:43:02.690

Sukai Durosimi: and

242

00:43:03.430 --> 00:43:08.249

Sukai Durosimi: reports to law enforcement liability.

243

00:43:09.710 --> 00:43:32.310

Sukai Durosimi: we haven't had to make any reports, and I pray it stays that way. But we do have a very good partnership with Officer Nelson at Fort PD. He does come in and work out of the parent engagement room just to make his presence known. He doesn't go into the classrooms. I think Mr. Richmond has had him here for career day.

244

00:43:32.310 --> 00:43:46.049

Sukai Durosimi: but his goal is to build a positive relationship like if he's here. I don't think he's even been to the dining hall, but we told him that's his goal. His goal is not to arrest or go discipline any students at all.

245

00:43:46.050 --> 00:43:47.570

So

246

00:43:47.600 --> 00:44:00.780

Sukai Durosimi: we haven't had to make any reports. I think last year we did. It was because of an irate parent that said that they were going to come to the school in cause harm. So we did have to call him for that.

247

00:44:01.860 --> 00:44:04.540

Sukai Durosimi: What a pause.

248

00:44:05.190 --> 00:44:17.970

Sukai Durosimi: harassment and assault. We have not had that at all. I mean, little kids do stuff. But we don't consider that harassment. I think they're just being kids. So

249

00:44:19.280 --> 00:44:23.459

Sukai Durosimi: notice of disciplinary action.

250

00:44:24.800 --> 00:44:49.689

Sukai Durosimi: usually, when we have something like that, we call the parents I think we had an incident where it was 2 boys, and they got into a fight. We just followed our protocols in our process for discipline, and we were able to get through. I think one child had in house suspension, and here he earned it, and we were following our discipline procedures.

251

00:44:49.960 --> 00:44:54.779

Sukai Durosimi: We do not have alternative education at East Fort Worth.

252

00:44:56.320 --> 00:45:01.629

Sukai Durosimi: We do not have peace officers or security officer apart from

253

00:45:01.650 --> 00:45:11.320

Sukai Durosimi: Officer Nelson, that comes on school grounds just to kind of walk around and make his presence known. We don't have a school marshal.

254

00:45:12.170 --> 00:45:14.049

Sukai Durosimi: and what else?

255

00:45:15.030 --> 00:45:21.099

Sukai Durosimi: We do not have any MOS between us and private schools regarding any marshals.

256

00:45:21.470 --> 00:45:32.399

Sukai Durosimi: We do not have any armed Security officers. We do not carry lines firearms on campus, so there's no

257

00:45:32.480 --> 00:45:33.969

Sukai Durosimi: storage for that.

258

00:45:34.050 --> 00:45:45.190

Sukai Durosimi: We do have our bullying prevention policies and procedures on line, and we do have an anonymous tip on line that any one can make a report.

259

00:45:45.840 --> 00:46:01.230

Sukai Durosimi: We do have a sign under parents in on our website about trafficking. And also our teachers go through that training at the beginning of of the year is one of the mandatory trainings they have to take.

260

00:46:04.900 --> 00:46:09.060

Sukai Durosimi: And we see immunity from liability.

261

00:46:11.680 --> 00:46:35.089

Sukai Durosimi: Okay, so usually, if there's a teacher that has one and no teacher has none of our teachers has have revealed to us that they have a firearm. So, but if they did, they will have to be. It will have to be in their cars, and the school is immune from any liability. If somebody was to break into that person's car and use, they're going to cause harm.

262

00:46:36.600 --> 00:46:39.089

Sukai Durosimi: and we don't have any

263

00:46:39.160 --> 00:46:57.860

Sukai Durosimi: we do have our multi emergency operations plan. It was accepted by Ta, it's also we also have it on the school website and all our annexes to go with it as well. In fact, just today we met with the Reunification center just to make sure that

264

00:46:58.220 --> 00:47:05.900

Sukai Durosimi: they agree with partnering with us, and they've agreed to also a mock drill that we'll do at the beginning of the year.

265

00:47:06.950 --> 00:47:08.450

Sukai Durosimi: and

266

00:47:08.780 --> 00:47:17.630

Sukai Durosimi: public hearing on MEME. OP. We've done that as well. So when compliance and we've turned all that information in

267

00:47:18.740 --> 00:47:29.419

Sukai Durosimi: we do monitor our safety, we're getting ready to do a safety audit next year, because we, the one we did last year, will count for this year.

268

00:47:29.430 --> 00:47:34.530

Sukai Durosimi: So we're in compliance with that. We do have a safety review team.

269

00:47:35.400 --> 00:47:47.479

Sukai Durosimi: and all of that has to do with the same. We have a Safety Security Committee. We meet more than 2 times a year, and we also meet with the parents, too, and we give them information.

270

00:47:47.850 --> 00:47:58.720

Sukai Durosimi: okay, we do. The active threat exercises the lock down, drills, and all the trainings through Texas safety.

271

00:48:01.580 --> 00:48:14.789

Sukai Durosimi: We have not had to. Oh, we have a silent, silent, panic, alert technology. We have walked through with the fire department and the police officers. We know that we have the right to report a crime.

272

00:48:14.900 --> 00:48:24.640

Sukai Durosimi: All our procedures are posted, and they're also given to the police department. The police department has it. The Fire Department has it, and the Reunification Center has it.

273

00:48:26.010 --> 00:48:28.079

Sukai Durosimi: and we are in compliance.

274

00:48:29.070 --> 00:48:29.740

Yes.

275

00:48:29.990 --> 00:48:36.130

Sukai Durosimi: perfect. And those are all the things that we have to approve. Alrighty.

276

00:48:36.540 --> 00:48:46.179

Sukai Durosimi: So what was the title of that report? Compliance? Yeah, it's the chapter 37 for

277

00:48:47.280 --> 00:48:48.230

Sukai Durosimi: Hello.

278

00:48:51.860 --> 00:49:01.949

Sukai Durosimi: Texas education. Code, chapter 37. That has to do with safety. Okay, board members. Do you have any questions regarding Texas education? Code chapter 37.

279

00:49:02.400 --> 00:49:03.240

Kayunta Johnson-Winters: No.

280

00:49:03.660 --> 00:49:06.650

Sukai Durosimi: thank you. Can we get a motion to approve

281

00:49:08.360 --> 00:49:09.729

Kayunta Johnson-Winters: motion to approve.

282

00:49:10.050 --> 00:49:25.600

Sukai Durosimi: Thank you. Okay, can I get a second? Yes. And so the when I said Hb. Schools, I was talking about the House Bill, but we've already went through it.

283

00:49:25.650 --> 00:49:44.310

Sukai Durosimi: So those are all the things that we have to approve, for now we have to oh, just to give you a report on. We did get our results driven accountability for bilingual. It is the last one.

284

00:49:45.200 --> 00:49:47.109

Sukai Durosimi: It is this report.

285

00:49:47.310 --> 00:49:53.909

Sukai Durosimi: We had about 3 students that did not make an increase in

286

00:49:54.380 --> 00:50:04.699

Sukai Durosimi: on the beginning passing rate for tell pass. So we are dinged for it. So we're going through

287

00:50:05.170 --> 00:50:32.159

Sukai Durosimi: like an intervention support with Ta. We're supposed to fill out like a strategic plan and do a crosswalk. Miss Ms. Adira, Miss Debbie, and myself met last week. We went to the trainings. We also went to the Webinar, and we've already had our first conversation with Ta. We've kind of given them a rough plan. So now we just kind. We have to solidify it, and then

288

00:50:32.290 --> 00:50:59.330

Sukai Durosimi: enter and submit. They can always come back and say, Well, maybe they want us to tweak something or change something, and we can do that. But this is something I just wanted to share with the board, just to let you guys know that this is something we got from Texas Education Agency saying that we had some kids that did not meet the cut off points for beginning tail pass. And when we identified the kids it was about 3 or 4 kids.

289

00:50:59.520 --> 00:51:10.889

Sukai Durosimi: So we've put in some plan for more strategic intervention on top of the the pullouts that they have currently during the day. And we've called the parents and spoken to them.

290

00:51:14.750 --> 00:51:16.569

Sukai Durosimi: And then, okay.

291

00:51:16.810 --> 00:51:33.979

Sukai Durosimi: yeah, the only thing I need to let you guys know is that we have a board training. February threerd. It's at 8 30. We have a we can move it to 9. It's 6 h.

292

00:51:34.330 --> 00:51:52.819

Sukai Durosimi: but it's already been. We've already. I've already signed up with Region 11 to come here to do the training on February third, because that's the date the Board chose. Is everybody still on board with that date? And is the time okay? Or do I need to change the time?

293

00:51:52.830 --> 00:51:59.500

Sukai Durosimi: Because it's 6 h of training. And the date again is what? Yeah. February. Third.

294

00:52:00.890 --> 00:52:02.400

Sukai Durosimi: yeah, think that's okay.

295

00:52:02.440 --> 00:52:11.919

Sukai Durosimi: 8, 30. Yes, yeah. Yeah. I prefer it to be early, because I actually have an event that day. But 8, 30 is good.

296

00:52:12.190 --> 00:52:31.420

Sukai Durosimi: Okay, I will confirm with Ms. Fagan that it's good. And the last thing is, please don't forget to do your online training. It is right here. I'm going to kind of show you guys. It's also in your manual. I printed it out. Just so you guys can have it. But

297

00:52:31.960 --> 00:52:34.769

Sukai Durosimi: I'm going to go to the.

298

00:52:41.120 --> 00:52:47.139

Sukai Durosimi: So if you go under new board member forms. it is

299

00:52:48.780 --> 00:53:15.200

Sukai Durosimi: The Charter School Annual. It tells you have the board required hours. Tells you what we're going to be going through next week. Saturday, but then, where you see, SBOE. School safety. That's one of the trainings you guys have to take. And then the security awareness training. That's one thing you have to take. And then, of course, the the other 2 that you just kinda watch on Youtube. It's the

300

00:53:15.930 --> 00:53:21.180

Sukai Durosimi: oh, I can't remember the name right now.

301

00:53:21.580 --> 00:53:24.709

Sukai Durosimi: I thought I had it in here, but I don't see it.

302

00:53:24.820 --> 00:53:29.100

Sukai Durosimi: Just have someone to send it out to us. That's more. But

303

00:53:29.540 --> 00:53:37.880

Sukai Durosimi: is that where you go, and you have to put the code. You watch the vision. You put the color. Yeah, that's why. That's one of them. I can't. I can't remember the name, so I remember.

304

00:53:37.940 --> 00:54:01.170

Sukai Durosimi: So I'll go in and look for it again. If it's not, it's in one of these things. But I need to. I need to just put it back under new board member forms. So, board. If you guys can please get that done. It's something that we need sometimes randomly, this year didn't ask for it. But next year they may ask to see all the Board training. So we wanna have those in your files.

305

00:54:01.480 --> 00:54:02.290

Sukai Durosimi: Okay?

306

00:54:03.430 --> 00:54:05.130

Sukai Durosimi: Alright. Well.

307

00:54:05.550 --> 00:54:07.130

Sukai Durosimi: are there any questions?

308

00:54:11.940 --> 00:54:14.390

Sukai Durosimi: No question. All right, thank you.

309

00:54:14.590 --> 00:54:17.030

Sukai Durosimi: So now, can we get a motion to adjourn

310

00:54:18.400 --> 00:54:19.889

Kayunta Johnson-Winters: motion to adjourn?

311

00:54:20.080 --> 00:54:25.329

Sukai Durosimi: Thank you alright. We will call a meeting to join at 7 55 6 pm.

312

00:54:25.720 --> 00:54:36.610

Sukai Durosimi: Her, Miss Sandy. She's gonna have the sign before we go and do. Pdf. so yeah. and send it to Wikipedia. Okay. Ms, Abby.

313

00:54:36.620 --> 00:54:41.120

Sukai Durosimi: okay, if I send it to you as a docuSign, would you be able to sign it?

314

00:54:41.610 --> 00:54:42.770

Sukai Durosimi: And

315

00:54:42.990 --> 00:54:49.080

Sukai Durosimi: yeah, it would be an email through docuSign.

316

00:54:49.200 --> 00:54:55.210

Sukai Durosimi: Yeah. Cause in order for us to do that.

317

00:54:55.220 --> 00:55:19.720

Sukai Durosimi: Okay, alright. What time are you going into the office in the morning.

318

00:55:20.420 --> 00:55:34.790

Sukai Durosimi: Okay, you can call me anytime. You know that. Just text me. If you decide you want to come by.

319

00:55:35.040 --> 00:55:42.499

Sukai Durosimi: Okay, Dr. Winters, I think we've adjoined.

320

00:55:44.110 --> 00:55:49.890

Kayunta Johnson-Winters: Okay, thank you. Thank you. Have a good night bye.

321

00:55:52.480 --> 00:55:55.630

Sukai Durosimi: Terms of horizon.
